- Any existing D2350 brackets in stock can be sold as replacements parts for D2350. Any kits sold with D2350 brackets can only be sold to customers who do not have the Geneva Console. Any such kit needs the old paperwork: IIN-D350-616 Rev.B & D350-616 Rev.D
- Any kit with the D2350 should be redtagged and sold on confirmation that the customer doesn't have a geneva console.

-All new production should use the D3179-041 bracket

- The D3179-041 bracket is necessary for compatibility with the Geneva Console.
